# WHAT IS A COMPOSITE DOOR?

A composite door is made from multiple materials like timber, PVC-U, foam, and GRP (Glass Reinforced Plastic) to create a strong, energy-efficient, and low-maintenance door.

Composite doors have several standout features and benefits, making them a preferred choice for modern homes:

## DURABILITY

The combination of materials in composite doors makes them highly resistant to weathering, warping, and fading. They are less prone to denting and scratching compared to traditional wooden doors.

## SECURITY

Security is a top priority for any homeowner. Composite doors are incredibly robust and difficult to break through, offering excellent protection against intruders.

## ENERGY EFFICIENCY

Composite doors are excellent insulators, helping to maintain a comfortable indoor temperature by minimizing heat loss. This can lead to reduced energy bills and a smaller carbon footprint.

## LOW MAINTENANCE

Unlike wooden doors that require regular painting or varnishing, composite doors are virtually maintenance-free. A simple wipe-down with soapy water now and then is usually sufficient to keep them looking pristine.

## VARIETY OF DESIGNS

Composite doors come in a wide range of styles, colours, and finishes to suit any aesthetic. From classic to contemporary, there's a composite door to complement every home.

## WEATHER RESISTANCE

Given their robust construction, composite doors offer exceptional resistance to the elements, making them ideal for locations prone to harsh weather conditions.

# PICK A CORE!

There are three to choose from.

## ORiGINAL

With outstanding thermal performance, the ORiGINAL foam filled core door is a minimal maintenance alternative to traditional door materials.

With a high-definition smooth or grained glass-reinforced plastic (GRP) outer skin, your door will look stunning for years to come.

£ Entry level prices

## BRITDOR®

A quality solid timber core door you can rely on. Designed and made in Britain, BRITDOR offers more options than all other timber core doors on the market.

Finished with heat reflective CoolSkin technology with a GRP-inspired woodgrain texture, BRITDOR is available in 14 popular colours and 3 wood stain finishes: Golden Oak, Rosewood and Irish Oak.

££ Mid-range prices

## GRiPCORE

The GRiPCORE timber-foam core door is made up of layers of PIR foam and HDF plywood, compressed between two sheets of aluminium to deliver a stronger, heavier and more robust door.

Finished with a signature GRP skin, GRiPCORE is available in a range of doors styles, colours and glazing options.

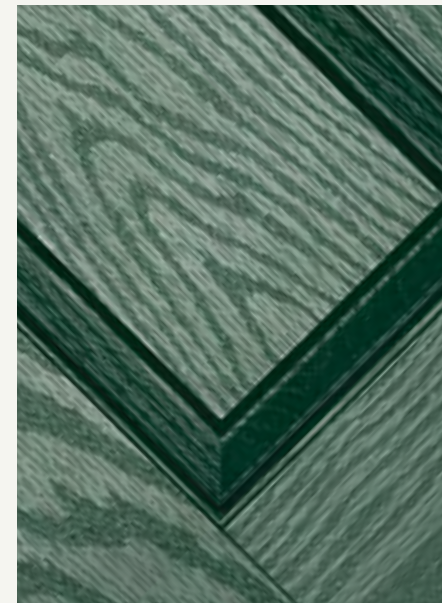

£££ Premium end prices

# THE PERFECT FINISH

After you've picked your perfect core, you can also choose from a range of door finishes.

## PANELLED

Replicates the most popular traditional door styles with highly defined mouldings.

## FLUSH

A sleek, contemporary look with no moulding.

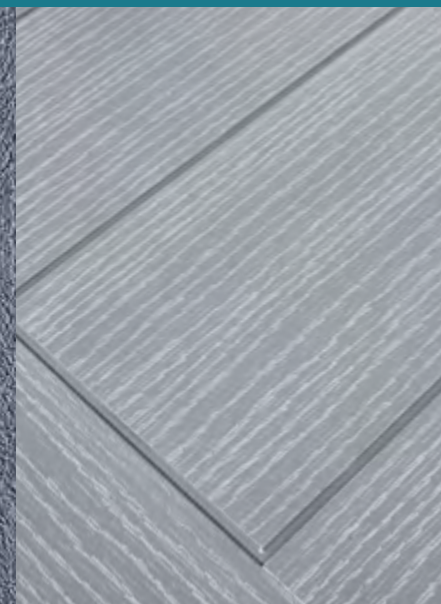

## FARMHOUSE

A grooved, panelled look that gives a cottage feel.

## LINKS

The Links is a completely smooth finish.

## MONZA II

A beautiful, linear etched detailed finish.

## ENZO

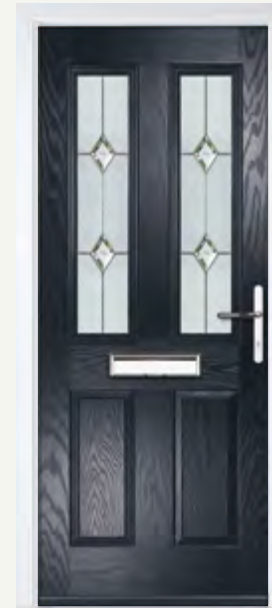

Pre-engraved edge to edge line design and smooth finish.

# GLAZING CASSETTES

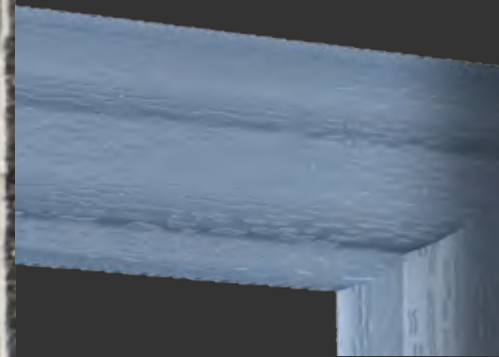

A composite door glazing cassette is the frame system that firmly holds your glass panel in place. Made up of an internal and external frame, it secures the glass tightly and creates a weather-tight seal.

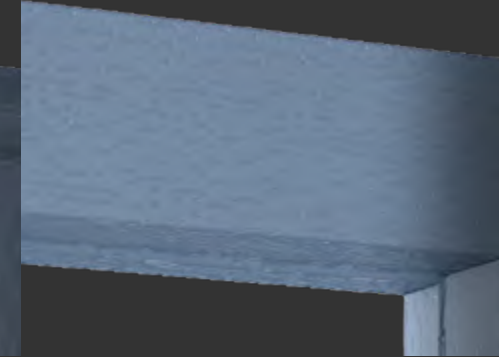

## INTRODUCING FLiP

Our composite door collection is compatible with the exclusive FLiP glazing cassette system with revolutionary Foam in Place technology. We also offer the unique Inox™ cassette system finished in stainless steel or black matt finish.

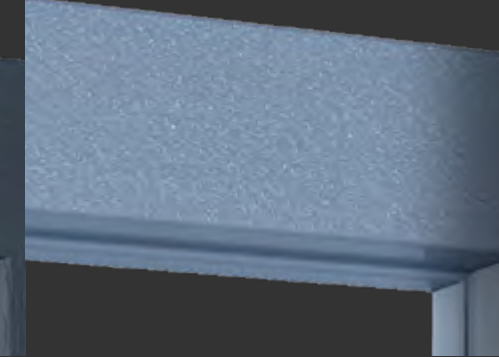

FLiP® Standard

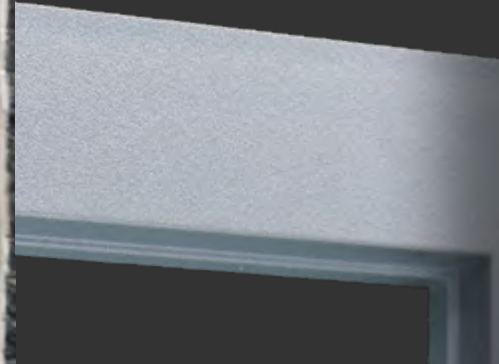

FLiP® Flat Grained

FLiP® Flat Stipple

FLiP® METALLIC

Inox™ Stainless Steel

Inox™ Black Stainless Steel

### STANDARD\*

The traditional choice with a moulded design and a woodgrain finish to suit a more conventional door design.

### FLAT GRAINED\*

Be eclectic by combining a woodgrain finish with a modern squared-off flat profile that complements a contemporary Flush or designer Monza II door.

### FLAT STIPPLE\*

The modern one, with a squared-off flat profile and smooth stippled finish that perfectly matches Links, our aluminium-effect composite door.

### INOX™

For a more European look, choose the stunning Inox™ stainless steel frames.

Only available with the Munich, Lyon, Barcelona, Monaco and Nice door styles.

\*The cassette type will depend on the door style selected.

# YOUR DREAM DOOR IN 6 EASY STEPS

Your choice of door defines the individual character of your property. Choose the perfect complement for your home from our refined collection of energy efficient and beautifully crafted doors.

From the elegant understatement of a traditional design or stylish contemporary statement door, you can build the perfect match for your property.

This includes a choice of finish from a carefully chosen palette of colour options, sophisticated glass designs and as a final touch, combining function and form, our range of high quality door hardware.

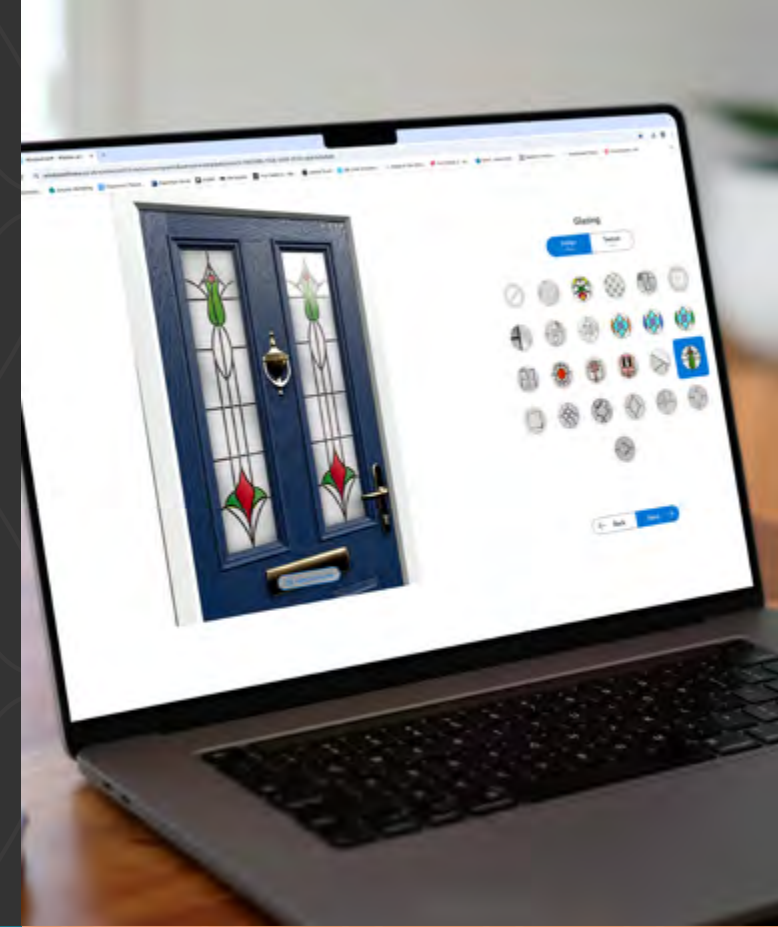

## DESIGN YOUR DOOR

Use our online door designer tool to bring your dream door to life!

# COLOUR OPTIONS

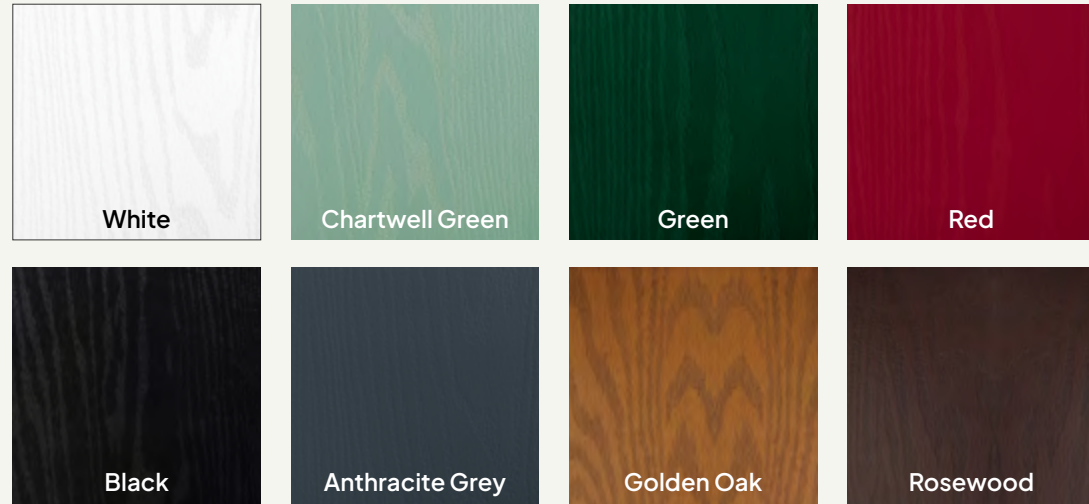

ORIGINAL GRIPCORE

Door colours shown in the brochure should be used for guidance only. To ensure you are getting the right colour on your door, ask for your colour swatch today.

## STANDARD RANGE

A range of 11 external colours with white interior as standard. Coloured both sides is a cost option.

## RAL COLOURS

Any RAL colour\* is available as a special order. Here are a small selection of the most requested colours as an example.

\*Some RAL colours containing luminous elements are unavailable.

## PREMIUM RANGE

With 39 premium colours to choose from, you'll be sure to find your perfect match for your home.

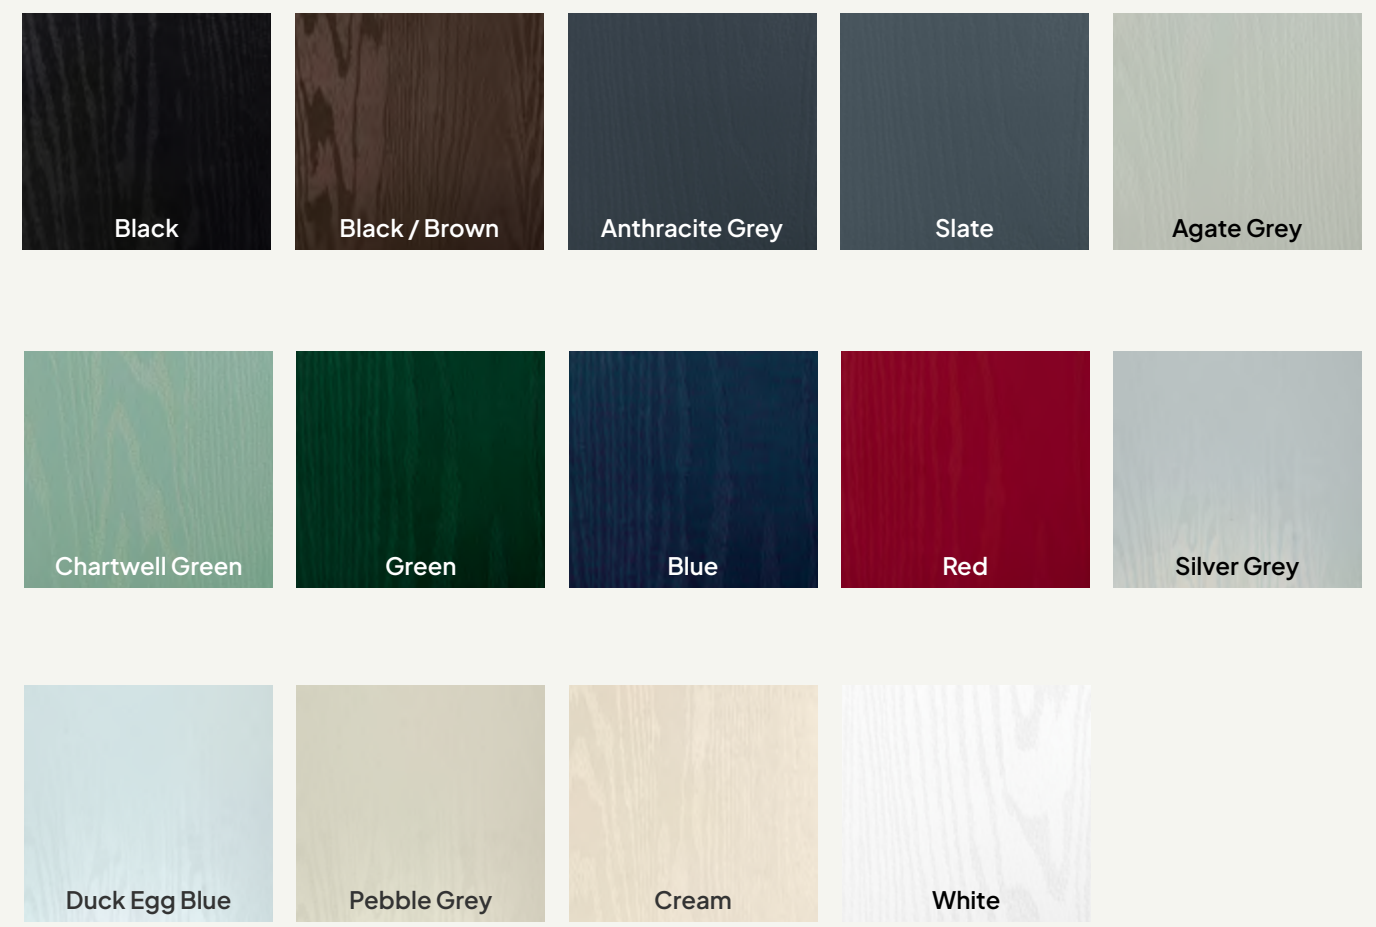

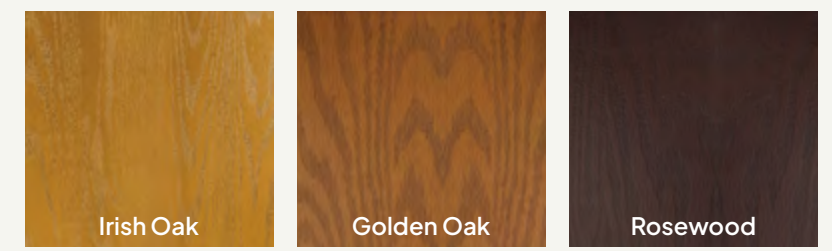

# COLOUR OPTIONS

Only available for **BRITDOR®**

## PERFECT STAINING

Colours and stains achieved using foil technology allowing for seamless colour matching with coloured and stained door and window frames.

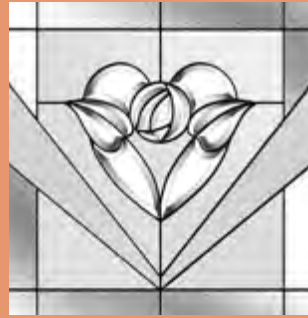

We have made every effort to match the colour and stain you see in the brochure so it's as close as possible to our paint when applied to the doors. Due to the nature of the product it is applied to, there is sometimes a difference between them which we cannot avoid. The colour, intensity and sheen level may differ from the paper print version and we do not accept any liability for this for whatever reason. To ensure that you are getting the right colour on your door, you can request a colour booklet.

# GLAZING OPTIONS

Decorative glass transforms doors and makes a personal statement. We offer a range of styles to suit all budgets and tastes from contemporary styling to traditional choices.

# FRAMING YOUR DOOR

You can also choose the colour and finish of your door frame.

The classic design of a white door frame against a solid door colour provides contrast, showing off your door but you can also choose subtle combinations, which will connect your door to the fabric of your home that surrounds it.

Choose from standard white, light oak or rosewood finishes or your individual colour choice.

You can also choose to have a colour finish on the outside and white inside, or any combination of colours inside and out.

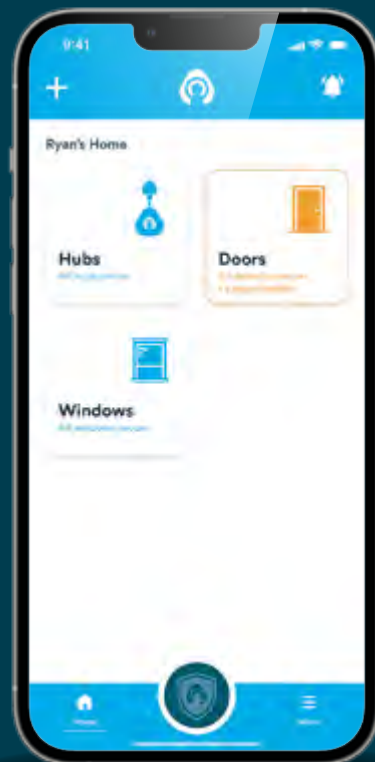

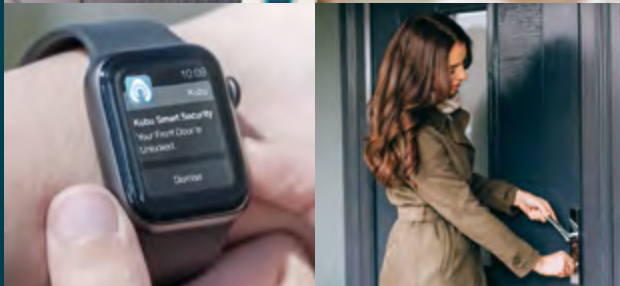

# Be sure it's secure with Kubu Smart Security.

Our range of composite doors are built to work with multi award-winning Kubu Smart Security Sensors. The sensors, which can be purchased independently, are easy to install and are completely concealed within the door frame, so your new door can be Smart while still looking smart.

Kubu monitors the security status of your door in real time and will send you a notification via a dedicated app if it's not secure, giving you the opportunity to put things right. It also links up with Alexa, and other Smart Home products to create actions such as turning your lights on when the door is opened.

## Smart Sensors

Our first-of-its-kind door sensor, fits seamlessly into your door lock that 'Works with Kubu®', remaining completely concealed to maintain the aesthetics of the door, while adding the benefits of Smart technology.

## Smart Sensors

- 📍 Completely Concealed
- 📍 Calibration FREE
- 📍 Locked/Unlocked/Open/Closed/Vented
- 📍 Tamper Detection Built-In

## Smart Alerts

- 📍 Instant Status Updates
- 📍 SureSecure™ Geofence Alerts
- 📍 Scheduled Notifications
- 📍 Family Sharing

## Smart Controls

- 📍 Fully Smart Home Integrated
- 📍 Works with Most Major Smart-Tech Brands
- 📍 Controlled with the Kubu® Smart Phone App
- 📍 Activates Automations at the Turn of a Key

Be Sure It's Secure.

## High-Security Multi-Point Lift-Lever Door Lock, Equipped for Smart Security

Boasting the largest chamfered hooks and centre deadbolt in the UK, this unique combination delivers class leading security, compression performance, and ease of use for doors manufactured from uPVC, timber and modern composite materials.

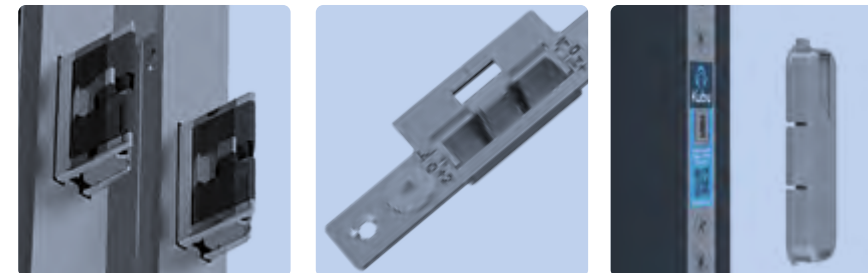

Designed to work seamlessly with Kubu Smart Security sensors, the Avantis MPL not only provides premium physical security, but industry leading Smart Security too.

## High-Performance Auto-Firing Multi-Point Door Lock, Equipped for Smart Security

Ideal for heritage style doors or those with pull-bar handles, the Avantis MagnaBolt is the only AutoLock on the market developed to work with Kubu Smart Security sensor technology.

Engineered to reduce operating forces to almost zero, the clever combination of self-lubricating polymers, stainless steel, and zinc-coupled with an innovative bolt and keep design, ensures incredibly smooth operation and exceptional security.
