

How to set ie10 to run in compatibility mode

Easy as 1, 2, 3

1. Turn on the menu bar – this makes it easier.

2. Select compatibility option from the Tools menu

Continental Ltd | Staverton Technology Park | Cheltenham | GL51 6TQ t. 01452 855 558 | f. 01452 856 794 | e. sales@webnetism.com

3. Add the site to the compatibility list

Web Design	Compatibility View Settings	Click the add button to add the site to the compatibility list
	Add this website: webnetism.com Add Websites you've added to Compatibility View: continentalcomputers.co.uk Remove
